

Newsletter 2nd Quarter 2018

- *As we get into the second half of the year, we are pleased to announce that our growth has exceeded all expectations, the support to our events has increased with every month, and we are being asked to accommodate a host of people who seem to just want a place to race their karts and enjoy the outing, we will continue to make you welcome, the Committee will do their best to ensure that your experience is a good one.*
- *As outlined previously, our Certificate of Currency in respect of insurance has been attended to and is set in place for another 12 months of operation. The Certificate is displayed at the Canteen notice board*

- *Our General meeting for this quarter will be on Saturday 21st July– The notice of the meeting has been distributed earlier, and as there were no agenda items submitted, other than those on the notice paper, the meeting should not take a great deal of time – there will be a general discussion to hear comments and where possible we can take these on board.*
- *Aaron Sharp has completed the canteen flooring, the electrical outage in the canteen has been repaired by the electrician so all is good there – Some frightening moments as the Canteen Convener had to operate under adverse conditions, but she survived and is back this weekend – Also a shout out to the ladies that assisted Vicki last meeting – Thankyou..:-)*

- *Our new toilet block was completed for the last meeting and apart from the power failure restricting the gas heater fire up, everything operated as expected – Big Shout out of thanks to Damien*

*Flack and Rosche Products for supplying the required toiletries for the toilet block – **Much Appreciated..***

The Motorcycle training explored our circuit at the start of the month and this is now being attended to formally with LV Council as there was some input about this locally – The cycle training provides a valuable asset to the club, and even resulted in some of the personnel taking up karting and memberships.

- Formula 100 (Qld) seems to have inspired the previous era of drivers and are making a great and welcomed come back to racing at Greer Park – Restoration of pre 2000 karts and their engines are a welcome sight – Steve Ikin has been the organizer of the Qld group and together with Tony Grant marshaling the Open Performance category, there is a host of spectator and driver activity in these two categories and is also being boosted by our invitation to the 4stoke Senior and Junior drivers activity through the effort of Guy Tingey – **Certainly all welcome..**

The Committee has embarked on seeking the installation of security CCTV coupled with on track ability to view events and deal with incidents if they arise. Quotes have been sought from reputable organizations and the matter is on agenda to be discussed to seem members in-principle sanction. This would bring a major upgrade to how racing is viewed ad matter on track dealt with – more information on hand on Saturday.

- We have laid out a new path to the grid to make the transit from the far bottom section of the pits more accessible. This required some road base material to pack down hard and the services of Lachy Maher and his bobcat assisted in preparing this path – we expect it to provide the service and improve the process “ up the hill”...

• Don't forget our next working bee 30th July – this will commence at 0900 and a sausage sizzle lunch on completion will be provided – the track will be closed for that weekend to conform to Council requirements – make sure you log on the register to validate your club championship activity.

- Our next event 22nd July forms up as the 2nd Round of our Winter Carnival F100 has joined us and **we take the opportunity to recognise our sponsors who have all made a valuable contribution to the club.** The final round will be on the 18/19th August and that date will coincide with the Qld Championships for 125cc Restricted Classes & Open Performance, plus the National Round of F100. The Qld Vintage Club will be on board in era costume and karts..

Thank you all for your continued support at the Toowoomba and Lockyer Valley Kart club –Best to all ...
